

Young Energy Professionals Network

SUPPORTED BY THE BUSINESSNZ ENERGY COUNCIL

Who we are

A network of young professionals who share a passion for the energy sector and a common goal to upskill ourselves through knowledge sharing, collaboration and leadership development opportunities.

INSPIRE & PROMOTE

What we do

Networking opportunities within the energy sector (locally and internationally via FEL-100)

A mentoring programme connecting young and senior energy professionals

Providing a forum to discuss issues and submit ideas relevant to our members

Information sharing via our quarterly events and bimonthly newsletters

Join us today

If you are in the early stages of your career in the energy industry and want to develop your knowledge and skills, or are simply young at heart and want to collaborate with like-minded individuals, **this network is for you!**
